Grants for emergency conditions were not to exceed \$10,000 per household over a five-year period. In cases where the program found the home in need of general rehabilitation, beyond the parameters of the program, immediate referrals would be made to the County's Preservation Program, which offered low interest in deferred loans for homeowners with the City. The Health and Safety Grant Program would be funded by the Redevelopment Agency's Housing fund, with \$35,000 for the first fiscal year, and staff recommended approval of the program.

16. Receive a verbal staff report regarding fire issues for the City of Brentwood. (D. Landeros)

Donna Landeros, City Manager, provided a verbal presentation regarding the Fire Master Plan and last opportunity to participate in the working group. She believed the goal would eventually be ten stations with three fire fighters in each station per shift. The consulting group, Citigate, presented the master plan to the working group, and the focus had been to analyze all options.

Mayor Swisher spoke regarding the data, and the level of service which has been paid for by the City of Brentwood. The County was not budging on the issue and there was no resolution. He also spoke regarding a higher level of service by CDF without raising taxes and without a subsidiary.

Council Member Brockman spoke regarding the additional days per month for firefighters, which would significantly increase the salary levels. He added the City would save and have a better level of service.

Council Member Gutierrez spoke about preserving stability during the growth of the City.

Council Member Brockman said if the City was going to pay the taxes and still build all the stations and supply everything, the City might as well have its own service.

City Manager, Donna Landeros, said there were two service improvements she believed would be appreciated under either of the two models. Both cost proposals involved bringing in the City's own training officer to the District and bringing prevention services.

Ryan Pesadin, representative for the Fire Fighters of East Contra Costa Fire, said the group did not want the California Department of Forestry to contract out jobs. The new numbers did not show the paramedic services that would be implemented as a further level of care. He felt CDF was lowering prices to secure the contract and extra prices would arise. The pay raise would be small now and firefighters would need to work three extra days per month.

Vincent Wells, District Representative for Union Leadership, said he and the Fire Fighters in East Contra Costa County were opposed to using the CDF option. There would be no local control, only state control, with the contract to CDF.

Barbara Guise spoke regarding the issues and costs, and said Discovery Bay and Knightsen had already chosen to go with CDF. With a contract, she believed the City would be secure. She did not want to see any firefighter lose their job and she asked Council to consider the citizens with regard to funding.

Council Member Gutierrez asked about the concerns over the loss of local control.

Mayor Swisher stated there was not local control; it was done through the County. The City would need to pay more money in order to gain local control and obtain the services wanted. The Fire Department would need to cut services back in order to make it on its own.

Council Member Brockman spoke regarding the fire sprinkler requirement. The City was struggling under the County governance. The City needed to be fiscally responsible.

Councilmember Beckstrand spoke regarding the policy pertaining to the number of firefighters inside and outside, the lack of coverage in the City, and the use of sprinklers.

Council Member Brockman said there would be a reasonable assessment of governance locally with CDF than there was now.

City Manager Landeros stated the City did not have a formal role at this time. It would return to Council for a formal recommendation to be made to the Board of Supervisors, and the Board would be under no obligation to accept the recommendation even if all East County cities recommend the same thing.

Councilmember Taylor said this was informational and there was no local control. More information would be provided. The numbers changed each time and he addressed Barbara Guise's comments regarding the newly elected officials. He spoke regarding the importance of the issue as well as aging residents at Summerset. He said the new Council would do the right thing and take the right course.

REQUESTS FOR FUTURE AGENDA ITEMS (08:01 PM)

Council Member Beckstrand commented Segment 3 of the Highway 4 Bypass was now under construction.
