## A letter from Lynda Oliver, Club President

**Lynda Oliver**  
President

Inside this  
Issue

Well, as the incoming President, I thought that this would be a good time to reminisce about the creation of the Brentwood Senior Club, as well as its purpose.

The Brentwood Senior Citizens Club, Inc. was incorporated in 2002 to provide an organization where senior citizens may find companionship and opportunity to pursue their interest in education, recreation, and craft activities, and to contribute to the general welfare of the community.

Even before this latest election, this Club has had a core of seventeen people as officers (some who have served in multiple offices), along with countless committee and activities volunteers. All the volunteers are truly appreciated because without volunteers, this Senior Center couldn't function.

In the past, Club members have enjoyed fashion shows, dances, music, theatre, socials, trips, etc. all due to the tireless efforts of our volunteers. All members should remember that pursuing the previous and other senior activities, many more volunteers are needed along with their accompanying creativity, ideas, expertise, and energy.

Lately, some of our planned social trips have not come to fruition because their

increased costs have made them monetarily unobtainable to some remembers but we will just have to "hunker-down" and create new activities which are more affordable to participate in (any suggestions?). This club's officers, and committee members, are open to suggestions, and aid in this Club's pursuit of affordable entertainment for our membership.

Finally, I want to extend my sincere appreciation for the outgoing Club officers efforts. Through numerous meetings, phone calls and discussions, with the City of Brentwood Parks & Recreation representatives, they collectively have helped locate, shape the construction, and furnish this beautiful Senior Activities Center. It hasn't been a quick and easy endeavor but all of us are both proud of our Senior Center and them.

Is everything perfect? I doubt it, but the present and future slates of officers, along with the help of Club volunteers and the ongoing co-operation of the City of Brentwood are and will continue to pursue the mandates of our charter.

Come on! Join in! We are a group of friendly, interesting, and sometime talkative ladies and gentlemen!
