January/February 2006

### DEAR FRIENDS

By: **Mac Kaiser, Staff**

*Dear Friends...*

*On behalf of the City of Brentwood, Parks and Recreation Department, and especially myself and Joanne, we extend a special thank you to the 2005 Senior Citizens Board of Directors for all their hard work, time, dedication, and tireless energy for the great year of service!*

*From the inception of this non-profit group in the spring of 2003, these dedicated individuals have accomplished an incredible amount of work in a very short time. We hope that each individual will take pride in realizing their tremendous contribution in "adding joy to the lives of seniors" here in Brentwood and the*

*surrounding area.*

*We hope that each of you will take the time to thank these wonderful individuals when you see them for their outstanding efforts in 2005.*

*Next, Joanne and I would like to thank our wonderful group of volunteers that make our lives so much easier. These individuals are too many to mention by name, but they do so much for us throughout the year! From helping with Meals on Wheels, to folding and mailing newsletters, to helping with our Breakfast with Santa program, and helping at the annual fun run, our volunteers are the best there is! We can't do what we do without your efforts. Keep up the*

*great work!*

*An finally, we reflect back on those who have touched our lives this past year and have left us behind for a better place. We'll remember your smiles and your friendships, and will move ahead into the new year with fond memories of each and every one of you! You added so much to our lives and we'll never forget!*

*So here's to 2006! May we be wiser, kinder, and enjoy life to the fullest. Perhaps you'll join us for the wonderful year we've got planned!*

*Happy  
New*
